

Montclair State University Invites You!

Class of Beginning Japanese invites you to visit with us!

Montclair State University Linguistics

Department offers four semesters of Japanese:

JAPN 101 fall semester

JAPN 102 spring semester

JAPN 201 fall semester

JAPN 202 spring semester

For text books, we use

Minna no Nihongo Series

ISBN 4-88319-102-8 C 0081

We learn to read and write Japanese scripts hiragana, katakana and Chinese characters which are called kanji. We enjoy learning through singing Japanese songs, presenting skits in class and club activities, viewing videos and listening to CDs and interactions in class. To learn Japanese culture and get help with homework and to practice speaking Japanese, we hold weekly Japanese Language Circle.

All Japanese class students are members of Japan Club where we do fun activities involving Japanese language and culture and interact with other clubs on campus.

We hope you will join us at MSU and study Japanese with us! For more information or to contact us, please feel free to call or write:
